Animals

infant

MOVE LIKE A MANU

The 'āina is home to many native manu in Hawai'i. Noticing the manu give us an appreciation for the natural world. Spend time outside with your infant observing the manu in your 'āina.

KEIKI DEVELOPMENT:

- Big muscle strength and coordination
- Sensory exploration of the environment

'ŌLELO HAWAI'I:

- Manu- Bird
- Lele- Fly

MATERIALS:

- Book: "Birds in Hawai'i" by BeachHouse Publishing
- Blanket

[Digital storytime here](#)

INSTRUCTIONS:

1. Read the book, "Birds in Hawai'i" together.
2. Point to each manu as you say their name.
3. Head outside to look for real manu in your 'āina.
4. Lay a blanket on the grass and point to the manu as they lele or perch in a tree. See if your infant can track the manu with their eyes or mimic you pointing. Talk to your infant about the manu you see.
5. Make this time playful! Lay back on the blanket and gently lift your infant above you as if they will lele like the manu.

At-home 'ohana activities use common household, recycled, or natural materials that set the stage for keiki-led exploration, developmental mastery, and social-emotional bonding.

Nā Holoholona (Animals)

toddlers

HOLOHOLONA CHARADES!

Toddlers need many opportunities to develop their large muscles and master coordination. Pā'ani is a wonderful way to do that! Have fun moving those muscles with this holoholona game.

KEIKI DEVELOPMENT:

- Gross motor development
- Exploring animals

'ŌLELO HAWAI'I:

- Holoholona - Animal
- Pā'ani - Play

MATERIALS:

- Book: "Endangered Animals"
by Resi J. Suehiro

[Digital storytime here!](#)

INSTRUCTIONS:

1. Read the book "Endangered Animals" together.
2. Now it's time to move through pā'ani! Use the holoholona from the book for a game of charades.
3. Take turns acting out the different holoholona e.g., flapping your arms like the palila bird or crawling slowly like the kähuli snail.
4. Encourage your toddler to make big movements with their body. This helps challenge their muscles and coordination.
4. Most importantly, mai hilahila (no shame) to be silly!

At-home 'ohana activities use common household, recycled, or natural materials that set the stage for keiki-led exploration, developmental mastery, and social-emotional bonding.

PARTNERS IN DEVELOPMENT
FOUNDATION

INSTRUCTIONS:

1. Read the book, "Kekoa and the Egg Mystery" together. Before you begin, ask your preschooler, "Do you know where hua comes from?" Listen to their mana'o (thoughts). This helps their cognitive development!
2. After you find out how Kekoa solves the mystery, have your preschooler help you kuke the hua in the kitchen.
4. Guide them along with two-step directions, e.g. "Crack the hua, then stir with the whisk."
5. Have your preschooler observe and share what happens when you kuke the hua.
6. Enjoy the hua dish together!

At-home 'ohana activities use common household, recycled, or natural materials that set the stage for keiki-led exploration, developmental mastery, and social-emotional bonding.
